“At Rarey-Roth it is our goal to provide you with stable proven solutions that are the best value for your technology investment dollar.”

Rarey-Roth Is:

Your Partner

As we like to say "When you work with Rarey-Roth we become a part of your team". Ultimately our success depends upon your success and we view our clients as a vital **Business Partner**.

Diverse

Our technical experience covers a broad range of industries and technologies. As a result we have the technical expertise to provide solutions that fit the specific needs of each client.

Professional

Every member of the our team is a business professional dedicated to providing each client with the quality service and support that has always driven the Rarey-Roth team.

Dedicated

We are dedicated to the client and to the technical service and support we offer. It is our goal to provide you, the client with the best technical information and solutions available.

Growing

We are continually growing in size and knowledge through the acquisition of technology companies and the strategic partnerships developed with other high level technology partners.

Connected

We have developed relationships with several large distributors enabling us to provide a wide array of computer products at competitive rates. Our partnerships with companies such as Microsoft, Compaq, Hewlett Packard, Cisco, Citrix and others gives us a large pool of technical resources to pull from.

Knowledgeable

Our technical engineering and sales staff is continually training to understand the latest technology trends. As a result we are able to provide the client with the proper and best solution available.
